Cindy:

Please let Mr. Broussard know that the Mayor has met with Mr. Fontcuberta several times, and that Mr. Fontcuberta has met with our Director of the Department of Public Works, as well as our Chief Engineer. His company and what they can do are well known.

Thank you

Susan -- a good friend of Mr. Broussard's, Ralph Fontcuberta, w/BFM Corporation, is trying to arrange a meeting with the Mayor. Mr. Broussard wanted the Mayor to know that Mr. Fontcuberta does the majority of the surveying work in Jefferson Parish and the GNO area. Mr. Broussard said that he feels if the Mayor would agree to a meeting he would not be disappointed. He would like to thank the Mayor for any consideration he could give to this matter.

Hi Cindy,

Last week I called and told you how I've been trying to set up a meeting or lunch between Ralph & Mayor Kip Holden. You asked me to email you letting you know the details. Ralph originally asked for this meeting/lunch to take place in December. Since December I have called several times without a response. The purpose of the meeting is to talk about how we're (BFM) trying to get work with the Engineering and Public Works Department in Baton Rouge. Ralph has met with Peter Newkirk, who heads up the Public Works Department, several times and has made a good contact status with him. He sees no problems with having BFM do some work. Ralph would like to meet with the Mayor or Sal Monsour (CAO). Please let me know if you can help in anyway.

Thanks,
Brandy Hollingsworth
